Senior Physiotherapist,modified spinal chiropractor

Dry needling, dry cupping, Spinal manipulation Chiropractic , Plyometrics,

Spinal chiropractic is a form of alternative medicine that focuses on the diagnosis and treatment of mechanical disorders of the musculoskeletal system, especially the spine. It has become increasingly popular in recent years due to its effectiveness in treating back pain and other musculoskeletal conditions.

For those seeking spinal chiropractic care in Bangalore, home visit physiotherapists from Pro Physiotherapy are available to provide personalized treatments. These physiotherapists have extensive experience in assessing and treating a variety of spinal conditions and can provide tailored treatments for each individual patient. Home visit physiotherapist also offer convenience as they come directly to your home or office, saving you time and money. With their expertise, they can help you manage your pain and get back on track with your daily activities.
